Circular No. – 01

Date: 01.04.2025

Dear Parents,

With the announcement of the results, the academic year 2024-25 has concluded, and we are now excited to begin a fresh and promising academic session for 2025-2026. This new session brings with it countless opportunities for all of us- students, teachers, and parents-to collaborate, innovate, and achieve new heights of success.

As integral partners in your child's educational journey, your active engagement is essential. We encourage you to continue supporting their growth both at school and at home, working together with us to create a dynamic and enriching learning experience.

At Pratap Public School, we remain committed to provide a nurturing and comfortable environment for our students. Significant improvements have been made to our infrastructure to ensure that our campus remains conducive to learning and overall development. Our fully air-conditioned classrooms offer a comfortable space for students to focus and excel. Furthermore, following the success of our interactive smart panels in senior classes last year, we are excited to expand this technology to one section in every grade this session, enhancing the learning experience with state-of-the-art tools.

In our continuous efforts to promote independent learning, we aim to reduce the reliance on external tuition. Our new "Zero Period" will offer students extra time to clarify doubts and complete their assignments. We encourage parents to help their children dedicate their evenings to reviewing the day's lessons and reinforcing classroom learning. Let's work together to empower our children to trust their own abilities, be confident learners, and say no to additional tuitions.
